MAVIVI ? The Village of Hope project is moving along! 32 puzzle pieces sold to date !

After many problems, rain, destructed bridge, all of the elements to build our reservoirs have finally arrived! Some good intentions and here we are, the project **WATER4KIDS** is finally finished! The children now all have access to their one and a half litre of clean water each day! It is the certainty of less illnesses among our little pupils!

We have a new logo! It's the newspaper « Sept info » which produces reports and investigations that kindly gifted it to us! What do you think?

← This is us!

This is them! →

In May, « Sept » is releasing a special edition on Africa and will donate 50 CHF per subscription purchased through our association back to Roule ma Poule! Contact us if you want more details!

MAVIVI Project: Four parcels of land have already been purchased ! But we still need a lot more ! 50,- that's a puzzle piece for you and a little piece of security for them! What do you say ?

KUKUFAMILY Project: As you know, this project is destined for those that are the most in need! Here is our dear little **GUILIANA**, one month... Born under difficult circumstances (see the KUKUFAMILY tab on our website for more info). When we welcomed her, she was only one week old and only weighted 1 kg... we hospitalized her and she doubled her weight ! Today, we are looking for money (yes indeed !) for : the hospital (\$460 in total), diapers (\$30 per month), special milk for premature babies (\$50 per month), and Nanny (\$90 per month) ! Feeling up to it ?

May 23rd, don't forget... **Fiona is here !** Starting at 7pm, we will all be at the auditorium in the « Château d'Aubonne » to share a drink, and tell you more about our beautiful projects! If you are interested, register here : contact@roulemapoule.org Not registered ? Come anyway !

A SANTE SAMA !
